West Item: Silicone, 1000 CST

1 INTRODUCTION

This Compliance Bulletin provides key information requested by customers on the West Pharmaceutical Services (West) coating herein. This information is based upon declarations from supplier(s), offered in good faith and is not to be considered a warranty or quality specification. Because final conditions and use of this item are beyond our control, this information should not be substituted for customer's own compliance determinations and tests to assure this item is appropriate for any end use.

Compliance Bulletins are provided upon customer request. Please accept this in lieu of West completing questionnaires or surveys. If you have additional compliance questions as a result of an Agency request, please provide West's Regulatory Team an appropriately redacted copy of the Agency's request with reference to the applicable legislation for review and a response will be provided.

This revision shall remain valid unless a change is made to a product or process impacting the statements herein. Change notifications, where required, are managed in accordance with West's change control process.

2 ANIMAL DERIVED MATERIALS

- **EMA/410/01 rev. 3, Note for guidance on minimising the risk of transmitting animal spongiform encephalopathy agents via human and veterinary medicinal products**

The ingredients of this coating have been evaluated for animal sourcing. No materials of animal origin are directly sourced by West as primary ingredients. Based upon supplier declarations, no secondary source materials are from animal origin.

West has determined that this coating does not have any BSE/TSE risk since there are no materials of animal origin added; thus, the requirements of EMA/410/01 rev. 3: *Note for guidance on minimizing the risk of transmitting animal spongiform encephalopathy agents via human and veterinary medicinal products* do not apply.

3 COMPENDIA COMPLIANCE

Upon customer request, West may apply this coating to elastomeric components as part of a wash process. The silicone supplier states that this item is compliant with the following compendia requirements:

- **Ph. Eur. Monograph for Dimeticone**
- **Ph. Eur. Chapter 3.1.8. Silicone oil used as a Lubricant**
- **USP NF Monograph for Dimethicone**
- **Yakuki 327 Silicone Oil for Medical Device Lubricant (I)**

Docusign Envelope ID: D04FDC99-7150-4110-AA97-B08ADB01B78F

- **INCI Monograph for Dimethicone**

4 HEAVY METALS

- **EUROPEAN DIRECTIVE 94/62/EC DATED 20 DECEMBER 1994, ON PACKAGING AND PACKAGING WASTE**
- **THE MODEL TOXICS IN PACKAGING LEGISLATION (FORMERLY KNOWN AS CONEG)**

The ingredients of this coating have been evaluated for Heavy Metals (Lead, Cadmium, Hexavalent Chromium, and Mercury). The sum of heavy metals is not intentionally contained > 100ppm within the coating.

5 NATURAL RUBBER LATEX/DRY NATURAL RUBBER CONTENT

This coating **is not made** with Natural Rubber Latex or Dry Natural Rubber.

6 ROHS

- **European Directive 2011/65/EU of 8 June 2011 on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS 2), as amended by 2015/863/EU**

West can certify that to our knowledge the ingredients in the aforementioned coating are in compliance with the requirements presented in European Directive 2011/65/EU, as amended by 2015/863/EU on the restriction of the use of certain hazardous substances in electrical and electronic equipment.

7 HALAL

This coating is not certified as Halal.

8 KOSHER

This coating is not certified as Kosher.
