
EU declaration of conformity for Packaging materials and articles
According to Annex VIII of Regulation (EU) 40/2025 N° 0018/2026

1. Present declaration is aimed to grant that following material: pharmaceutical Cold-Form (Alu-Alu), unprinted, internal Code: 39A05¹, has been manufactured in compliance with requirements laid down by Regulation (EC) 40/2025.

2. Manufacturer of the article is Aluberg S.p.A., located in via Rebecchi, 1 24060 Bagnatica (BG), Italy.

3. Present Declaration of Conformity is issued under the sole responsibility of the manufacturer.

4. The article 39A05 has following structure (stratigraphy):

- Oriented polyamide film (external side)
- Adhesive
- Primer
- Aluminium soft tempered
- Adhesive
- PVC rigid film (layer in direct food contact)

5. The object of the declaration referred to point 4 is in conformity with the following relevant Union harmonized legislation: Regulation (EU) 40/2025.

In this sense Aluberg has conducted analytical investigations showing that the specific limit for PFAS of 50 ppm as total fluorine given by a.m. Regulation (Art.5, Requirements for substances in packaging) is met. Analytical report is available after subscription of a Secrecy Agreement by the two parts.

Again, according to Art.5, Requirements for substances in packaging, the sum of the concentrations of lead, cadmium, mercury and hexavalent chromium resulting from substances present in present article doesn't exceed 100 mg/kg.

6. References to the relevant harmonized standards or the common specifications used or references to the other technical specifications in relation to which conformity is declared: None

¹ = Present declaration is valid for material as per its form and delivery status from Aluberg S.p.A. and cannot be extended to further articles that can be obtained from it through chemical, physical or mechanical treatments other than what is mentioned under previous point 1.

7. A Certificate of recyclability isn't available, but the material (coated Aluminium foil) is recyclable within Aluminium value chain.

8. Additional information: Validity of present declaration starts from the date of signature of the same and will be updated when significant modifications either in article composition or in applicable legislation will or may affect compliance aspects described within this document.
