

15th May 2026

DECLARATION OF COMPLIANCE

Product information: Primary packaging materials				
Ecopac (Rigid PVC), Dupac (PVC/PE/PVdC), Tripac (PVC/PE/PVdC) films and Alumpack (OPA/Aluminium/PVC) foils				
Company information				
Name of supplier	Corporate address	Manufacturing site address	Certifications	DMF information
ACG Pharmapack Private Limited	1001, Dalamal House, Nariman Point, Mumbai – 400021, India	Gat No.448,464,465 & 467, Village – Shindewadi, Post-Shirwal, Tal. Khandala, Dist. Satara, Maharashtra – 412 801, India.	ISO 9001 ISO 14001 ISO 15378 ISO 22000 ISO 45001	USDMF # 15884 USDMF # 24413 Canada DMF # 2007-052 NMPA, China registration Number: PVC - B20190001231 PVC/PVdC- B20180003484 PVC/PE/PVdC -B20190007019 OPA/Aluminium/PVC foils - B20190000549

Food Contact declaration

This is to certify that We, ACG Pharmapack Pvt. Ltd, hereby confirm Ecopac (Rigid PVC), Dupac (PVC/PE/PVdC), Tripac (PVC/PE/PVdC) films and Alumpack (OPA/Aluminium/PVC) foils manufactured and supplied by ACG Pharmapack Pvt. Ltd, Shirwal are food & pharmaceutical grade material and can be safely used for food & pharmaceutical product packaging.

Ecopac (Rigid PVC), Dupac (PVC/PE/PVdC), Tripac (PVC/PE/PVdC) films are included in USDMF No. 15884, Alumpack (OPA/Aluminium/PVC) foils are included in USDMF No.24413 and are compliance with:

- **Commission Regulation (EU) No. 10/2011 (including amendments)**- Plastic materials and articles intended to come into contact with food.
- **Commission Regulation (EU) 2025/351 of 21 February 2025 amending Regulation (EU) No 10/2011** - amending Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods, and repealing Regulation (EC) No 282/2008, and amending Regulation (EC) No 2023/2006 on good manufacturing practice for materials and articles intended to come into contact with food as regards recycled plastic and other matters related to quality control and manufacturing of plastic materials and articles intended to come into contact with food
- **Commission Regulation (EC) No. 2023/2006**- on good manufacturing practices for materials and articles intended to come into contact with food.
- **Commission Regulation (EU) No. 1935/2004** – Materials and articles intended to come into contact with food.
- **Commission Directive 94/62/EC (including amendment)**- Packaging and packaging waste (providing limits for the heavy metal content).

ACG PACKAGING MATERIALS

Gat no.: 448, 464, 465, 467, Village Shindewadi, Shirwal, Taluka Khandala, Satara 412 801, India
+91 2169 660 201 / sales.pharmapack@acg-world.com / www.acg-world.com

ACG Pharmapack Private Limited / CIN: U45200MH2004PTC149770 / GST No.: 27AAHCA0550D1Z6
Registered address: 1001, Dalamal House, Nariman Point, Mumbai 400 021, India / +91 22 50962222

- **Council Directive 78/142/EEC** – Materials & articles which contain vinyl chloride monomer and are intended to come into contact with foodstuffs.
- **European Pharmacopoeia Monograph No. 3.1.11 (Current Edition) & Indian Pharmacopoeia (Current Edition)** - Materials based on non-plasticized poly (vinyl chloride) for containers for dry dosage forms for oral administration.
- **European Pharmacopoeia Monograph No. 3.2.2 (Current Edition)-** Plastic containers and closures for Pharmaceutical Use”.
- **European Pharmacopoeia Monograph No. 3.1.13 (Current Edition)-** Plastic additive
- **EN 602** – Aluminium and Aluminium alloys (In case of Alumpack foils)

Pigments and colorants

This is to certify that We, ACG Pharmapack Pvt. Ltd, hereby confirm that pigments and colorants used for Ecopac (Rigid PVC), Dupac (PVC/PE/PVdC), Tripac (PVC/PE/PVdC) films and Alumpack (OPA/Aluminium/PVC) foils manufactured and supplied by ACG Pharmapack Pvt. Ltd, Shirwal are in compliance with purity criteria defined by the Council of Europe Resolution AP (89)1.

Specific Migration information

This is to certify that We, ACG Pharmapack Pvt. Ltd, hereby confirm Ecopac (Rigid PVC), Dupac (PVC/PE/PVdC), Tripac (PVC/PE/PVdC) films and Alumpack (OPA/Aluminium/PVC) foils manufactured and supplied by ACG Pharmapack Pvt. Ltd, Shirwal are comply with Article 12 “Commission Regulation (EU) No. 10/2011 (including amendments) - Plastic materials and articles intended to come into contact with food” for specific migration testing requirements as below:

Sr. No.	Testing Parameter	Stimulant used and testing condition	Test results
1	Specific migration of Primary Aromatic Amines	Sample kept in contact with 3% Acetic acid at 60°C for 10 days.	Passed
2	Specific Migration of Heavy metals	Sample kept in contact with 3% Acetic acid at 60°C for 10 days.	Passed
3.1	Specific Migration of Phthalates	Sample kept in contact with 95% Ethanol at 60°C for 10 days.	Passed
3.2	Specific Migration of Phthalates	Sample kept in contact with Iso-Octane at 60°C for 10 days.	Passed

Migration limit set as per Article 12 of regulation EU 10/2011 is plastic materials and articles shall not transfer their constituents to food stimulants in quantities exceeding 10 milligrams of total constituents released per dm² of food contact surface (mg/dm²).

We carried out migration tests according to Annex V- Chapter 2 – Testing for specific migration of materials and articles not yet in contact with food – to ensure that these materials respects the overall and specific migration requirements, using food stimulants for a certain time and at the temperature defined in the Regulation (EU) 10/2011 for 10 days at 40°C.

We also carried out overall migration test using food stimulants for a certain time and at the temperature defined in the Regulation (EU) 10/2011 and Indian Standard (IS) 9845:1998 (RA 2020) for 10 days at 40°C (Except n-heptane at 38°C for 30 minutes in case of IS standard).

ACG PACKAGING MATERIALS

Gat no.: 448, 464, 465, 467, Village Shindewadi, Shirwal, Taluka Khandala, Satara 412 801, India
+91 2169 660 201 / sales.pharmapack@acg-world.com / www.acg-world.com

ACG Pharmapack Private Limited / CIN: U45200MH2004PTC149770 / GST No.: 27AAHCA0550D1Z6
Registered address: 1001, Dalamal House, Nariman Point, Mumbai 400 021, India / +91 22 50962222

In case of usage of these films at temperature or for times differing from this test condition (e.g. thermoforming, hot-filling, storage) or when using the films in contact with foodstuffs or mix of stimulants different from the above stimulants used, further migration tests may be needed as indicated in the relevant regulations. It is the responsibility of the manufacturer or user of the final article to ensure that migration requirements are met and to verify the organoleptic properties for the technological suitability of the final article.
Regulation (EC) No. 1907/2006 for registration, Evaluation, Authorization and Restriction of Chemicals (REACH) with subsequent amendments This is to certify that We, ACG Pharmapack Pvt. Ltd, hereby confirm Ecopac (Rigid PVC), Dupac (PVC/PE/PVdC), Tripac (PVC/PE/PVdC) films and Alumpack (OPA/Aluminium/PVC) foils manufactured and supplied by ACG Pharmapack Pvt. Ltd, Shirwal are food & pharmaceutical grade material and can be safely used for food & pharmaceutical product packaging. Based on assessment, we ACG Pharmapack Pvt. Ltd hereby declare that none of these substances is intentionally added or present at or above the reporting threshold limits during manufacturing of these films. - (i) Substances in the Candidate List of Substances of Very High Concern (SVHC) for authorization published by European Chemicals Agency (ECHA) on and before January 21, 2025 regarding Regulation (EC) No 1907/2006 concerning the REACH and (ii) Substances in the Public Consultation List of potential Substances of Very High Concern (SVHC) published by European Chemicals Agency (ECHA) on and before January 21, 2025 regarding Regulation (EC) No 1907/2006 concerning the REACH as defined by Art. 33 I REACH. The candidate list published on the following website: http://echa.europa.eu/web/guest/candidate-list-table is expended in June and December each year. No substances on the authorization list in Annex XIV of REACH are used for manufacturing of ULTRASAFE PVC/PE/PVdC/PE/PVC films supplied by ACG Pharmapack Pvt. Ltd, Shirwal.
2011/65/EU -RoHS Directive with subsequent amendments This is to certify that We, ACG Pharmapack Pvt. Ltd, hereby confirm Ecopac (Rigid PVC), Dupac (PVC/PE/PVdC), Tripac (PVC/PE/PVdC) films and Alumpack (OPA/Aluminium/PVC) foils manufactured and supplied by ACG Pharmapack Pvt. Ltd, Shirwal are food & pharmaceutical grade material and can be safely used for food & pharmaceutical product packaging. We confirm that lead, mercury, cadmium, Hexavalent chromium, Polybrominated biphenyls (PPB), Polybrominated diphenyl (PBDE), Bis (2-Ethylhexyl) phthalate (DEHP), Benzyl butyl phthalate (BBP), Dibutyl phthalate (DBP) OR Di isobutyl phthalate (DIBP) including decarbomodiphenyl ether and Stearyl benzoyl methane are not used as raw materials in these products not they are added during the production process for the final product.
Regulation (EU) 2025/40 on packaging and packaging waste We also confirm that Ecopac (Rigid PVC), Dupac (PVC/PE/PVdC), Tripac (PVC/PE/PVdC) films and Alumpack (OPA/Aluminium/PVC) foils manufactured and supplied by ACG Pharmapack Pvt. Ltd, Shirwal complies with

Commission Regulation (EU) 2025/40 enter into force from 11th February 2025 and shall apply from 12th August 2026. This directive Replacing Directive 94/62/EC, the regulation includes provisions for the existing chemical restrictions on heavy metals in packaging have been enhanced to include requirements for PFAS. We confirm that above products meets requirements of concentration of heavy metals like Lead (Pb), Cadmium (Cd), Mercury (Hg) and Hexavalent Chromium (Cr (VI)) must not exceed 100 ppm by weight. We also confirm that, above products are free from Bisphenol – A and its derivatives. We also confirm that Ecopac (Rigid PVC), Dupac (PVC/PE/PVdC), Tripac (PVC/PE/PVdC) films and Alumpack (OPA/Aluminium/PVC) foils films manufactured and supplied by ACG Pharmapack Pvt. Ltd, Shirwal are not intentionally manufactured or formulated with Per- and polyfluoroalkyl substances (PFAS).
COMMISSION REGULATION(EU) 2026/250
We confirm that Ecopac (Rigid PVC), Dupac (PVC/PE/PVdC), Tripac (PVC/PE/PVdC) films and Alumpack (OPA/Aluminium/PVC) foils manufactured and supplied by ACG Pharmapack Pvt. Ltd, Shirwal are free from Bisphenol A and certain Bisphenol derivatives in food contact materials as per regulation 2026/250 dated 2nd February 2026.
BADGE/BFDGE/NOGE – Regulation 1895/2005
We confirm that Ecopac (Rigid PVC), Dupac (PVC/PE/PVdC), Tripac (PVC/PE/PVdC) films and Alumpack (OPA/Aluminium/PVC) foils manufactured and supplied by ACG Pharmapack Pvt. Ltd, Shirwal are free from use of any Epoxy derivatives (BADGE/BFDGE/NOGE) as per regulation 1895/2005 dated 18th November 2005.
The use of materials presenting risks regarding transmissible spongiform encephalopathies (TSEs)
Since no raw materials of animal origin are used in their manufacturing of Ecopac (Rigid PVC), Dupac (PVC/PE/PVdC), Tripac (PVC/PE/PVdC) films and Alumpack (OPA/Aluminium/PVC) foils manufactured and supplied by ACG Pharmapack Pvt. Ltd, Shirwal; these products are free from TSE- BSE & complying to the guideline “Note for Guidance on Minimizing the Risk of Transmitting Animal Spongiform Encephalopathy Agents via Human and Veterinary Medicinal Products (EMA/410/01 Rev 3)” and “COMMISSION REGULATION (EU) 2019/319 of 6 February 2019 amending Annex IX to Regulation (EC) No 999/2001 of the European Parliament and of the Council and Annex XV to Commission Regulation (EU) No 142/2011 as regards health certification at import into the Union concerning transmissible spongiform encephalopathies. We also confirm that, these products are free from Human origin.
EMA/CVMP/205/04, CPMP/QWP/4359/03 (Guideline on Plastic Immediate Packaging Materials)
Herewith we declare that Ecopac (Rigid PVC), Dupac (PVC/PE/PVdC), Tripac (PVC/PE/PVdC) films and Alumpack (OPA/Aluminium/PVC) foils comply with the guideline EMA/CVMP/205/04, CPMP/QWP/4359/03 (Guideline on Plastic Immediate Packaging Materials). Stability studies of migration and interactions for solid oral dosage forms filled in preparations are under responsibility of pharmaceutical manufacturer.
Residual Solvents

ACG PACKAGING MATERIALS

Gat no.: 448, 464, 465, 467, Village Shindewadi, Shirwal, Taluka Khandala, Satara 412 801, India
+91 2169 660 201 / sales.pharmapack@acg-world.com / www.acg-world.com

ACG Pharmapack Private Limited / CIN: U45200MH2004PTC149770 / GST No.: 27AAHCA0550D1Z6
Registered address: 1001, Dalamal House, Nariman Point, Mumbai 400 021, India / +91 22 50962222

No class 1 & 2 solvents as per ICH Q3C are used in the manufacturing of Ecopac (Rigid PVC), Dupac (PVC/PE/PVdC), Tripac (PVC/PE/PVdC) films and Alumpack (OPA/Aluminium/PVC) foils manufactured and supplied by ACG Pharmapack Pvt. Ltd, Shirwal.
ICH Q3D – Elemental Impurities
We confirm that elements, as mentioned in Class 1 & 2 of ICH Q3D, are neither present in the ingredients used for manufacturing of Ecopac (Rigid PVC), Dupac (PVC/PE/PVdC), Tripac (PVC/PE/PVdC) films and Alumpack (OPA/Aluminium/PVC) foils manufactured and supplied by ACG Pharmapack Pvt. Ltd, Shirwal nor are they added separately. They can also be introduced in the packaging material through manufacturing equipment. Hence it can be safely considered that these elements are not present in above product.
Section 1502 Dodd-Frank Act (Sec. 1502)
We herewith confirm that Ecopac (Rigid PVC), Dupac (PVC/PE/PVdC), Tripac (PVC/PE/PVdC) films and Alumpack (OPA/Aluminium/PVC) foils manufactured and supplied by ACG Pharmapack Pvt. Ltd, Shirwal do not contains any of the “3TG” substances including – Tantalum, Tungsten, Tin and Gold and hence our products are “DRC conflict free”.
Dual – use additives
We confirm that no Dual use additives are used in the manufacturing of these products, except in case of white opaque films Titanium dioxide (CAS No.013463-67-7) and calcium carbonate (CAS No. 000471-34-1), which are coming from the white pigment and both have no restrictions and fatty acids (CAS 067701-08-0).
Proposition 65 – “California Safe Drinking Water and Toxic Enforcement Act”
We hereby confirm that Ecopac (Rigid PVC), Dupac (PVC/PE/PVdC), Tripac (PVC/PE/PVdC) films and Alumpack (OPA/Aluminium/PVC) foils manufactured and supplied by ACG Pharmapack Pvt. Ltd, Shirwal do not contains any of the suspect materials listed under California Proposition 65 in excess of the “safe harbor” values. Except for Vinyl Chloride Monomer, which is present in our films in a ppm level in compliance with regulation 78/142/EC.
Coalition of Northeastern Governors CONEG
We confirm that Ecopac (Rigid PVC), Dupac (PVC/PE/PVdC), Tripac (PVC/PE/PVdC) films and Alumpack (OPA/Aluminium/PVC) foils manufactured and supplied by ACG Pharmapack Pvt. Ltd, Shirwal does not incorporate any mercury, lead, cadmium or hexavalent chromium in the formulations.
21 CFR & USP compliances
We comply with the Code of Federal Regulation Chapter 21 Parts 175-179. The formulations are registered with our USDMF No.15884 Type III. Ecopac (Rigid PVC), Dupac (PVC/PE/PVdC), Tripac (PVC/PE/PVdC) films and Alumpack (OPA/Aluminium/PVC) foils manufactured and supplied by ACG Pharmapack Pvt. Ltd, Shirwal are complying with applicable requirements as mentioned in USP (Version 41) chapter <661.1> for material of constructions for PVC, PE and BOPA films and physiochemical properties as per & <661.2> as well as USP Chapter <88> Biological Reactivity Tests, In vivo – For non-toxicity

ACG PACKAGING MATERIALS

Brazilian Pharmacopoeia Chapter No. 6.2.1.3
Ecopac (Rigid PVC), Dupac (PVC/PE/PVdC), Tripac (PVC/PE/PVdC) films and Alumpack (OPA/Aluminium/PVC) foils manufactured and supplied by ACG Pharmapack Pvt. Ltd, Shirwal are complying with Brazilian Pharmacopoeia chapter No. 6.2.1.3 for Physiochemical testing requirements.
N-Nitrosamines
We also confirm that elements, causing generation of nitrocellulose, sodium nitrite and amines or any other nitrosating agents are not present in the ingredients used for manufacturing of Ecopac (Rigid PVC), Dupac (PVC/PE/PVdC), Tripac (PVC/PE/PVdC) films and Alumpack (OPA/Aluminium/PVC) foils manufactured and supplied by ACG Pharmapack Pvt. Ltd, Shirwal. We also confirm that elements, causing generation of nitrocellulose and amines are not added separately. We also confirm that elements causing generation of nitrosamine are not introduced in the packaging material through manufacturing equipment's.
Other substances:
Ecopac (Rigid PVC), Dupac (PVC/PE/PVdC), Tripac (PVC/PE/PVdC) films and Alumpack (OPA/Aluminium/PVC) foils manufactured and supplied by ACG Pharmapack Pvt. Ltd, Shirwal are free from Melamine, Asbestos, Bisphenol derivatives, Latex, Gluten, Lactose, Allergens, Polycyclic aromatic hydrocarbons (PAHs), Genetically modified organisms (GMO), Natural Rubber and Nanomaterials, Aflatoxins, MOSH (Mineral Oil Saturated Hydrocarbons) and MOAH (Mineral Oil Aromatic Hydrocarbons).
We confirm that Ecopac (Rigid PVC), Dupac (PVC/PE/PVdC), Tripac (PVC/PE/PVdC) films and Alumpack (OPA/Aluminium/PVC) foils manufactured and supplied by ACG Pharmapack Pvt. Ltd, Shirwal are free from Melamine, Asbestos, Bisphenol derivatives, Latex derivatives, Gluten, Lactose, Allergens, Polycyclic aromatic hydrocarbons (PAHs), genetically modified organisms (GMO), natural rubber, MOSH (Mineral Oil Saturated Hydrocarbons) and MOAH (Mineral Oil Aromatic Hydrocarbons) and Nanomaterials.
ISPM No. 15 (Regulations of Wood Packaging Materials in International Trade)
We hereby confirm that any wooden pallets used at our facility are heat treated wooden pallets (in accordance with the International Standards on Phytosanitary Measures ISPM No.15" Regulations of Wood Packaging Materials in International Trade").
Moisture vapor transmission rate (MVTR) and oxygen transmission rate (OTR)
We herewith confirm in case of Ecopac (Rigid PVC), Dupac (PVC/PE/PVdC), Tripac (PVC/PE/PVdC) films manufactured and supplied by ACG Pharmapack Pvt. Ltd, Shirwal are free from that the MVTR/ OTR of our coated and laminated films depends according to the first and second law of diffusion. Thus, we ensure that the PVC thickness and PVdC type / grammage are under control respectively within specification. Random confirmatory test on standard films are conducted as defined in internal procedure. In case of Alumpack (OPA/Aluminium/PVC) foils Aluminium provides complete barrier against moisture and oxygen transmission.
GENERAL RECOMMENDATIONS
By complying with the above regulations, our duty to exercise adequate care with regard to the suitability of

above listed primary packaging materials supplied by us for use in contact with food stuffs has been fulfilled.
This confirmation of compliance with food contact legislations related only to the above-mentioned products

For ACG Pharmapack Pvt. Ltd.

A handwritten signature in blue ink, appearing to read 'Ganesh Palsule', is written over a light blue rectangular background.
