
Medical Device Regulation (MDR): CMR Compliance

Datwyler hereby confirms that the rubber compounds mentioned below do not contain phthalates, nor do they contain carcinogenic, mutagenic or toxic to reproduction ('CMR') substances of category 1A or 1B, or substances having endocrine-disrupting (ED) properties at a concentration that is above 0.1 % weight-by-weight (w/w) as defined in section 10.4.1 of Annex 1 of the EU Medical Device Regulation (MDR).

As a result, Datwyler can confirm compliance with section 10.4.1 of 'Regulation (EU) 2017/745 on medical devices', also known as the EU Medical Device Regulation (MDR) (up to 23rd ATP, Feb 2027).
